Canucks Autism Network (CAN) provides programs to individuals on the autism spectrum & their families, while promoting acceptance & inclusion through community engagement and training initiatives across BC & beyond.

As we move towards Summer 2023, participants confirmed into in-person programs are no longer required to self-screen prior to attending to each class.

[View our Communicable Disease Prevention Plan >](#)

However, we ask that anyone showing symptoms of illness stay home and complete the program absence form by visiting canucksautism.ca/absence.

Metro Vancouver Full-Day Summer Camps invite individuals on the spectrum to attend 4-5 days supported by staff & volunteers.

Play games, do crafts & learn sports-related movement skills, while practicing listening, transitions & taking turns.

While we are thrilled to respond to member feedback by offering full, 6-hr day camps this year, many facilities from our traditional regions were unable to meet our unique needs.

We are already in the process of planning for next summer and hope to reintroduce camps in some of our most populated member regions.

NOTE: We anticipate extremely high demand for East Van camps. If travel to North Van is possible for you, please include it in your ranked choices when submitting requests. Kenneth Gordon is right off the highway bridge & accessible by public transit. Both locations are open to all members in Metro Vancouver.
