

This summer I am going to CAN Camp on Keats Island!

I will meet staff from CAN and Keats. We will have fun!

To get to camp, I will take a boat with CAN staff and other campers.

I will meet new people and make new friends.

At camp, we will sleep in cabins.

The cabins have bunk beds!
Other campers and CAN Staff will be in the cabin too.

The cabins have a washroom and shower.

At camp, we eat together in the dining hall.

I will line up to pick what food I want to put on my plate.
If I don't like something that's okay! I don't have to take it.

When we are done eating, we will put our dishes away

There are lots of fun activities to try at camp!

There are outdoor activities.

There are indoor activities.

There are water activities.
For water activities, I might need to wear a lifejacket to keep me safe.

At nighttime, there are more fun activities!

There are lots of staff and volunteers at camp to help me.

Camp is so much fun!
